Share a single message to many channels.

Our notifications message center help you dnulleliver time-sensitive info to your parents and school community in many ways. Create one message, select all or just the channels you want, then fire away.

- ✓ One dashboard, many channels
- ✓ Auto-formatted templates simplify composing messages
- ✓ Save time with communication

Create a time-critical message once, then instantly blast it via text, voice, email, social media and website alerts.

Voice
Click 'record' on your dashboard, and create voice messages that can be sent at once or scheduled later.

Text/SMS
Notify your parents using their favorite method of staying in touch, with the same ease of texting from your own phone.

Website
Cover all your bases by adding a website alert banner that shows up on your schools' website homepages.

Email
For longer messages requiring more detail, use notifications to create and send school-branded emails.

Social media
It's how many of your parents get their news, so push your notifications out through these popular channels.

Messenger
Reach parents using the messaging app built right into Facebook, the social media channel preferred by most parents.

- ✓ Send instant push notifications
- ✓ Automatic notifications for key events
- ✓ Total website integration
- ✓ Custom branded to your school
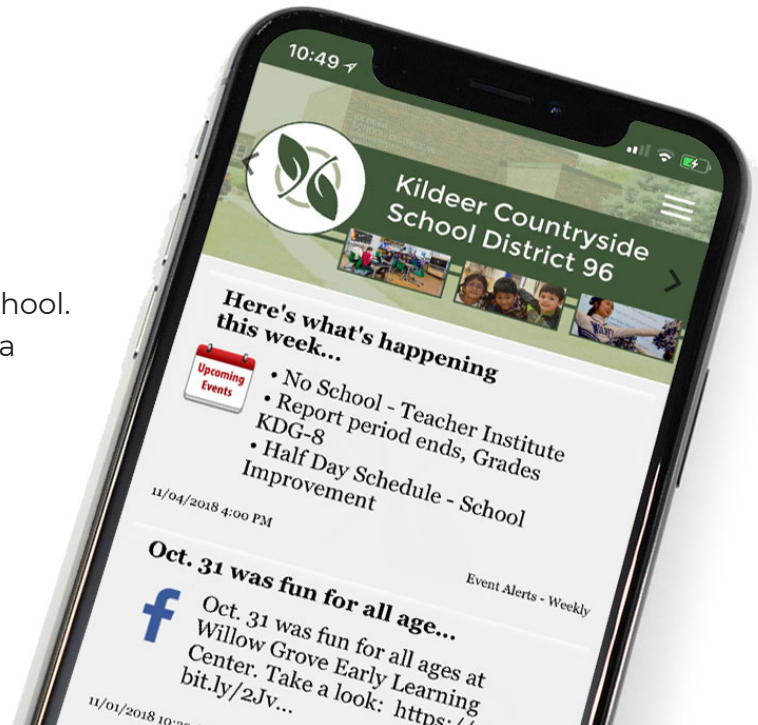

A custom-branded mobile app that extends how you engage

Content/CMS integration
No need to duplicate content management. Automatically and seamlessly pull and mobilize the content from your website and all your school systems.

Newsfeed
Aggregate district, school, team, class news into one central location to make it easy for your parents, staff and students to stay current with the latest school happenings.

Custom branding
Reinforce district-wide web designs by creating a mobile app that features the same branding – colors, mascots and other visual elements unique to your school.

Push notifications
Keep any or all of your school community informed with news they want, even when the app isn't open. Target any group in real time or schedule notifications ahead of time.

Calendars
Users can synchronize school and district calendars with their own personal calendars so they can stay up with the specific events that apply to them.

Contacts
Find that teacher, administrator or any school staff member with one click, then quickly connect via phone, email, classroom website or authorized social media account.
